

Ella Rohl

Objective

Aspiring healthcare professional pursuing a career in Obstetrics & Gynecology, with a strong foundation in microbiology, patient safety, and communication. Seeking opportunities to gain clinical exposure and contribute to women's health and patient-centered care.

Education

Bachelor of Science in Microbiology & Immunology
University of Nevada, Reno — Expected June 2029

General Education Diploma
Rocklin High School

Relevant Experience

Swim Instructor

Rocklin Swim Team — Rocklin, CA | June 2025 – August 2025

- Educated children (ages 3–14) on safety protocols and skill development, reinforcing clear instruction and patient-centered teaching
- Adapted teaching strategies to individual needs—demonstrating flexibility similar to patient care approaches
- Communicated regularly with parents regarding progress, building trust and strong interpersonal communication skills
- Applied safety awareness and emergency readiness in a high-responsibility environment

Lifeguard

City of Rocklin Parks & Recreation — Rocklin, CA | June 2024 – August 2024

- Maintained a safe environment for 150+ individuals daily through vigilant monitoring and rapid response
- Administered first aid when necessary, demonstrating composure and basic clinical response skills
- Enforced safety protocols and communicated clearly with diverse groups
- Developed strong attention to detail and situational awareness—critical in healthcare settings

Brand Ambassador

American Eagle — Roseville, CA | Nov 2024 – Jan 2025

- **Delivered high-quality customer service to 200+ patrons daily, strengthening communication and empathy**
 - **Assisted individuals with diverse needs, enhancing interpersonal and problem-solving skills**
 - **Maintained organization and efficiency in a fast-paced environment**
-

Skills & Certifications

- **CPR Certification (American Red Cross, Valid April 2026 – April 2028)**
 - **First Aid & Emergency Response**
 - **Patient Communication & Active Listening**
 - **Safety Awareness & Risk Prevention**
 - **Team Collaboration**
 - **Adaptability in High-Responsibility Environments**
-

Additional Strengths

- **Strong interest in women's health, reproductive biology, and patient advocacy**
- **Academic focus in microbiology and immunology (relevant to prenatal care, infections, and reproductive health)**
- **Experience working with children and families, supporting future maternal and pediatric interactions**
